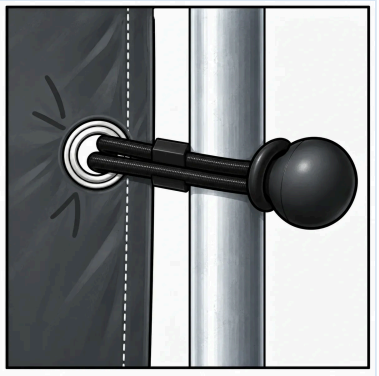
Ball bungee

Bungee balls, also known as tarpaulin balls or tarp bungees, are convenient fastening devices consisting of an elastic cord with a ball-shaped end. They are used to securely attach tarps, covers, or other fabrics to frames, poles, or other structures. The ball-shaped ends allow for quick and easy attachment by simply wrapping the elastic cord around the fabric and attachment points. Bungee balls are versatile, durable, and handy for various applications such as camping, gardening, transportation, and events.



Product information

- Polyester braided rubber tie Ø 5mm with PP ball Ø 30mm
- Each set of ball bungees packed in a clear shelf-ready PE pack with cardboard header, neutral COVER print, 4 languages and EAN-code
- Transport packing in 3-layer water resistant carton boxes
- Delivery on Euro pallets (80×120cm)
