# PE fine mesh trailer net

EXTRA 200 GR/M²

A trailer net with fine mesh, constructed from extra-durable PE monofilament, is ideal for securing cargo during transportation. This monofilament construction ensures longevity and reliability, while the fine mesh prevents small items from falling out. With good airflow and easy handling, this net provides a practical and robust solution for various hauling needs.

## Product information

- HDPE monofilament knitted net
- Mesh 1×1mm
- 7% UV-stabilized
