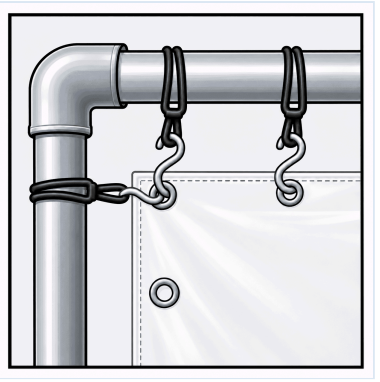
Rubber ties

Rubber tensioners, also known as elastic cords or bungee cords, are flexible cords with loops or hooks at both ends. They are used to secure objects, such as loads on trailers or tents while camping. These rubber tensioners provide a quick and easy way to secure items and are ideal for various applications, from household use to professional settings such as logistics and construction.



Product information

- TPE (thermoplastic elastomer), black, A1 material
- Temperature resistance -25°C up to +80°C
- S-hooks are made of galvanized steel
- Rubber tie packings are sets of 5 rubber ties + 5 S-hooks in a clear shelf-ready packing, with neutral COVER printing, 4 languages and EAN-code
- Transport packing in sturdy 3-layer water resistant carton boxes
- Delivery on Euro pallets (80×120cm)
