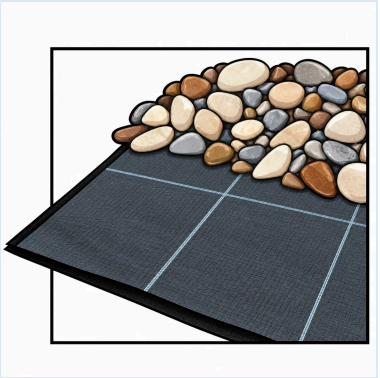
PP rootbarrier

ECONOMY 100 GR/M²

Weed control fabric, also known as black ground cover, suppresses weed growth while allowing desired plants to thrive. Made of woven polypropylene, it permits water and air, maintaining garden neatness.



Technical specifications

Tensile strength	15 kN/m According to ISO 10319
Water permeability	11 L/m² According to ISO 11058

Product information

- Polypropylene fabric of fine weave without coating
- UV stabilized
- Black with green lines every 15cm
- Size 2×5 mtr packed in a crystal clear PE-bag, with neutral COVER insert leaflet, 4 languages and EAN-code
- Transport packing in sturdy 5-layer water carton packing
- Rolls not folded
- Each fabric roll on a hard paper core, inner Ø 76mm
- Wrapped in transparent PE film, with neutral COVER sticker
